12.30-2.30PM ONLINE

Multiprofessional Educators' Workshop

Following on from our multiprofessional educators' event in June, join us for the second workshop in our quarterly series. Meet with colleagues from multiple healthcare backgrounds. Share experiences of multi-professional education and supervising learners from all professions

.....

Peer support and empathy between different professionals creates a more efficient and supportive workplace

Agenda

- Discussion - training pathways for various professions within primary care. Important points to note for educators who may be supervising learners outside their own profession.
- Group work - small multi-professional group discussions about common issues we face as primary care educators.

This session is open to educators from all professions in Barnet

Please book your place using the EventBrite link in the email
